BREWERS FACE LOSS, IS CLAIM.

Fear Ban Against the Sale of Malt Syrup.

Growing Business Has Proved to be Profitable.

Home Brew Mixtures Popular in Milwaukee.

[BY A. P. NIGHT WIRE]
MILWAUKEE, Nov. 15.—Large brewing interests, which have been manufacturing syrups from which home brew could be made, today declared that if the recent ruling of John F. Kramer, national prohibition commissioner, making the sale of these extracts illegal is enforced, they face a serious loss.
After the Eighteenth Amendment went into effect the majority of the brewers here decided that the manufacture of near beer would be less profitable than making malt syrup, a combination of malt and corn in the proportion of forty and sixty, which could be used for making home brew.
Approximately \$30,000 pounds are said to be used every day in Milwaukee for the manufacture of home-brew mixtures. Brewers have installed special machinery for the manufacture of malt syrup, because of the increased demand.
ATTORNEY SURRENDERS.
[BY A. P. DAY WIRE]
SAN FRANCISCO, Nov. 15.—George Appell, prominent San Francisco attorney, surrendered to the Federal authorities here today, following the return of a secret indictment against him, charging aiding and abetting an alleged prohibition enforcement officer. His bonds were set at \$10,000 and his hearing set for November 20 before the United States Commissioner. Appell, who had read reports in Los Angeles that he was under indictment in this city and had been here by automobile to surrender himself. He denied the charge.
Hearing of Charles J. Daniels, former San Francisco saloon man, in connection with the same alleged conspiracy, was set for Saturday. Federal authorities announced that Charles B. Callaghan, a third member of the supposed conspiracy, would surrender later in the day.
The indictments relate to an alleged attempt to tender William Jordan, a prohibition enforcement agent, a bribe of \$1000 to obtain his silence in regard to certain supposed illegal liquor-selling operations.
SUCCEEDS DAIRY EMPLOYE.
[BY A. P. NIGHT WIRE]
WASHINGTON, Nov. 15.—Appointment of Frank D. Richardson as supervising prohibition agent at Chicago, succeeding Maj. A. V. Dalrymple, resigned, was announced today by the Bureau of Internal Revenue. Mr. Richardson has been connected with internal revenue work at Chicago for some time.

Naval Base Sites to be Inspected by Congressmen.

[BY A. P. NIGHT WIRE]
SAN FRANCISCO, Nov. 15.—The special Congressional commission of twenty-two members to select a naval base on San Francisco Bay arrived here today. It is headed by Congressman Fred A. Britton of Chicago. The first site to be inspected would be that at Hunter's Point in this city, he said. Sites at Alameda and at Mare Island would be examined later.
Britton said it was expected the new base would cost \$60,000,000. The party was entertained at luncheon by Admiral Hugh Rodman aboard the New Mexico, flagship of the Pacific Fleet. The Congressmen will remain here until Sunday, when they will depart for Los Angeles on the New Mexico to inspect naval operations there.

Pastor and Flock Haled Into Court After Hot Fight.

[BY A. P. NIGHT WIRE]
BATON ROUGE (La.) Nov. 15.—Police were called to restore order at the First Christian Church here yesterday after the pastor, the Rev. A. B. Book, had announced that because there was no heat in the church building, communion would not be administered.
A large part of the congregation was in police court today either as witnesses or principals on charges of disturbing the peace placed against the minister and several of his congregation.
Decision to remove the communion services was said by authorities to have brought to a head factional differences in the church.

ILLEGAL TAX ACTION HEARING NEXT YEAR.

GOVERNMENT ASKS CASE SET FOR JANUARY; TO DETERMINE INVESTED CAPITAL.
[BY A. P. DAY WIRE]
WASHINGTON, Nov. 15.—The Supreme Court was asked today by the government to set next January 3, as the date for hearing appeals from lower court decrees in a suit which is expected to result in a final ruling as to what shall be considered "invested capital" within the meaning of section 203 of the 1917 Revenue Act.
The suit was brought by the Laclede Iron Works Company, to recover more than \$1,000,000 in taxes alleged to have been illegally collected by the Federal government.
The iron works purchased certain lands in 1934 for \$186,000, and it claimed that by 1917, the value had increased to more than \$10,000,000. It claimed the right to increase its invested capital to the amount of the increased value of the lands, but the Internal Revenue Bureau insisted that the increase was in reality "income," and levied the tax on that basis.
The lower court sustained the Revenue Bureau's ruling.

WRANGLER ASKS AID FOR HURT.

(Continued from First Page.)

for Yalta on the American torpedo-boat destroyer Overton. Allied officers arriving from Sebastopol assert the belief that it will be possible to hold back the flood of red forces from the hills of Feodosia until the reinforcements have been evacuated. Ten thousand of Wrangel's troops are said to have been taken off the peninsula. It is asserted that Wrangel followed them.

APPEALS TO AMERICA.

M. Krivochin, Premier in the government of Gen. Wrangel, talking to the American newspaper correspondents today, made an appeal for American aid for the refugees from Southern Russia.
"First," said M. Krivochin, "permit me to express heartfelt gratitude to the American people and the American Red Cross for their charitable work on behalf of the wounded and sick Russian refugees. The military disaster does not mean that there is no necessity for further assistance. Aid now is more than ever a matter of life and death to the tens of thousands of unfortunate and utterly destitute refugees from the most cruel tyranny the world ever has known."

ARMY BLEED WHITE.

"Gen. Wrangel's army has been bled white. Although inferior in numbers, he held position after position against an overwhelming weight of the Reds.
"Crimea, the last strip of Russia where the principles of truth, liberty and freedom prevailed, is being evacuated. The wounded, the children, the women and the sick will be evacuated first because, if left behind, their fate at the hands of the Bolsheviks would be frightful. Although saved from the Red barbarities, they are bound for an unknown destination where they will be without the means of support, in a strange country.
"We do not know where they can find refuge; we can only beg help. Gen. Wrangel, in his last order, pointed out the real situation to all who desired to embark."

ASK RATES ON CHINESE "PIG TAILS."

Company Wants to Ship Carload Lots; Used for Straining Soups.

[BY A. P. NIGHT WIRE]
WASHINGTON, Nov. 15.—Establishment of a carload rate on Chinese pig tails, pressed into cloth, from the Houston, Tex., to various parts of the country, was asked of the Interstate Commerce Commission today by the Oriental Manufacturing Company of Houston.
Clifford Thorne of Chicago, representing the applicant, told the commission that the pig tails pressed into cloth were used for filtration, straining soups and similar purposes. The commission took the application under consideration.
Thorne explained that prior to the war, European supplies of goat and camel hair were drawn on for filter purposes, but when this source was cut off, the industry he represented turned to China, where the fall of the Manchurian dynasty was followed by abolition of the edict directing Chinese subjects to wear queues.
The Houston company, which is joined by the Southern Cotton Oil Crushers' Association, chief users of hair cloth filters, in the petition, has accumulated \$60,000 pounds of Chinese hair cloth, the equivalent of the pig tails of 2,400,000 Chinese, and now seeks carload rates to move it north for the consumers, nineteen carloads already having been ordered and the prospects being for sixty more to move during next year.

NEWBERRY CASES MAY BE HEARD JANUARY 3.

[BY A. P. DAY WIRE]
WASHINGTON, Nov. 15.—The government today requested the Supreme Court to set next January 3, for arguments in the appeal brought by Senator Truman H. Newberry and sixteen others, from convictions on charges of conspiracy to violate election laws in Senator Newberry's election in Michigan.
Former Associate Justice Hughes, counsel for Mr. Newberry, concurred in the request.

Mark Twain said:

"Don't stare up the steps of success; step up the stairs."
It takes action to get anywhere in this world. The sooner we start to accomplish a given purpose—the quicker we will attain our goal.

The art of saving small amounts regularly for the purchase of safe bonds is simple and easy on our MONTHLY INVESTMENT PLAN. The features of our plan make it a NEW THRIFT IDEA. Write for booklet A-4.

There's a Place in Your Home

for the

AMPICO in the KNABE

—a place in the wise plans for your children's future.
—a place in your evening's program of enjoyment and
self-improvement.
—and this place should be occupied!

What the Ampico in the Knabe
proved it could do in reproducing
the virtuosity of great pianists,
when it met the trying test of ac-
companied Ruth St. Denis and her
associate dance artists last Friday
night at Tristram Auditorium; what
it proved it could do when heard

In direct comparison with the play-
ing of Leopold Godowsky, Leo Orn-
stein and Olga Steinhilber—all this and
more it can do in your home
—through this wonderful instru-
ment you or your children may pur-
sue the arts of music or dancing
under the direct guidance and help
of the masters of the pianoforte.

Come in and hear the Ampico in the
Knabe and learn what one of the most im-
portant inventions of the age will mean in
your family's pleasure and culture.

FITZGERALD MUSIC CO.

Headquarters for "Community" Plate

The intrinsic beauty of the exclusive patterns in which "Community" Plate is produced, together with the 50-year guarantee which backs back of every piece, has made this exquisite silverware extremely popular in the homes of the wealthy. Moreover, the very moderate prices at which "Community" Plate may be obtained carry a broad appeal to thousands of other homes where beautiful silver is highly appreciated, but denied them because of the prohibitive cost of Sterling Silver.

Exquisite for Gift Giving

We carry a complete open stock of the "Sheraton," "Adam," "Pa-
geant," "Georgian" and "Louis XVI" patterns—all distinctive—each
in its own special charm. Individual pieces in dainty gift boxes lined
with Royal Blue Plush.

QUIZ TOPEKA MILL OWNERS.

Kansas Court of Industrial
Relations Calls Seven.

Curtailed Production Blamed
on Canadian Wheat.

Millers Say Consignees Refuse
to Accept Their Flour.

(BY A. P. NIGHT WIRE)
TOPEKA (Kan.), Nov. 15.—Kan-
sas millers probably will be called
into conference by the Kansas
Court of Industrial Relations to
devise a plan for keeping the court
informed as to market conditions
in the business. W. L. Higgins,
presiding judge, announced today, at
the conclusion of a hearing in which
Topeka millers were called upon to
explain why they had restricted
operation of their mills.

The hearing, which adjourned this
evening, was termed by Judge
Higgins as a preliminary state of
the investigation. The court has not
decided whether or not to push the
inquiry further, he announced.

There was no decision.
Managers of seven Topeka flour
mills appeared before the court
and testified in response to questions
by members of the court and attor-
neys of the court. None of the
workmen whose informal complaint
caused the hearing to be called, re-
sponded to the invitation to testify
although a number of workmen at-
tended the hearing.

All of the millers admitted that
their output was curtailed to some
extent, several having come to a
full stop. Large contracts for flour
exist, then testified, but the non-
signers refuse to accept shipments.

All of the millers joined in de-
claring the failure of demand was
due to the condition of the world
market, glutted by the bumper crop
of the United States and Canada,
and depressed by further prospects
of big crops in Australia, Argentina
and India.

The millers denounced free im-
portation of wheat from Canada.
Wheat can be grown cheaper in
Canada than in the United States,
they testified.

Clothing Prices Take Hard Fall; Product Unsold.

(BY A. P. NIGHT WIRE)
ROCHESTER (N. Y.), Nov. 15.—
Cuts in the wholesale prices of
men's fall and winter suits ranging
from 15 to 40 per cent were
announced today by nineteen
Rochester clothing manufacturers
who are members of the National
Association of Manufacturing Cloth-
iers.

Spring lines of the same manu-
facturers opened today at prices 30
per cent lower than last year's
prices. The price cuts are to take
effect immediately.

No statement was made by any of
the manufacturers in explanation
of the price decline, but factories
are known to have on hand large
stocks of unsold and returned win-
ter suits. Overcoat stocks are said
not to be large.

PENALIZED IF THEY GOSSIP ON THE JOB.

(BY A. P. NIGHT WIRE)
WASHINGTON, Nov. 15.—Here-
after any laborer employed in the
State, War and Navy Department
Building who talks to anyone dur-
ing his working hours, except
regarding official business, will be
penalized.

The superintendent of the build-
ing today formally notified workers
employed there that they must con-
fine their conversations entirely to
official business, which must be
proved to be official business in
each case.

The penalty for the first infrac-
tion of the rule was fixed as the
loss of one day's pay and for the
subsequent offenses such punish-
ment as the circumstances war-
rant.

Oversubscribe Treasury Certificates.
(BY A. P. NIGHT WIRE)
WASHINGTON, Nov. 15.—Over-
subscription of the latest issue of
5 3/4 treasury certificates was an-
nounced today by Secretary Hous-
ton. Preliminary reports indicate
that the total subscriptions aggre-
gate \$275,000,000, on an issue of
about \$200,000,000.

"They WORK
while you sleep"

FOR THE BOWELS

Do you feel bilious, constipated,
headachy, upset, full of cold? Take
one or two Cascarets tonight for
your liver and bowels. Wake up
with head clear, stomach right,
breath sweet and feeling fine. No
griping, no inconvenience. Children
love Cascarets too. 10, 25, 50 cents.

The Gift GRAND

A Regal Gift

Where music plays the leading role in happy home life—for all true
music-lovers—there is a regal gift which crowns all human desires.
It is the modern Grand Piano—the peer of all musical instruments.

Decide right now to give a Grand Piano as your Christmas gift
supreme. Choose it wisely from our splendid assemblage of such
superior instruments as Francis Bacon, Ivers & Pond, Emerson, Scho-
macker and the celebrated Art-Apollo Grands—instruments that
stand supreme on their record for reliability. That you may know
to what advantage you can buy here, we direct your special atten-
tion to

The FRANCIS BACON BABY GRAND

—an exceptional value,
offered on the Platt plan
allowing a long time to pay, **\$945**

The beautiful instrument represents the
cumulative skill of more than a century of
endeavor to produce a Grand Piano appro-
priate for the average home. Its artistic
appearance and musical qualities meet all
requirements—gratify every demand.

A limited number of Francis Bacon Baby
Grands at \$945 available for Christmas
delivery. We'd suggest that you secure
yours now. The Platt Plan allows a long
time to pay.

PANIC QUIZ BRINGS OUT VIOLATIONS.

"Professional Guardians"
Escort Children to Theater
to Best Ordinance.

(BY A. P. DAY WIRE)
NEW YORK, Nov. 15.—The two
proprietors and the doorman of the
East Side motion-picture house,
where six children were killed and
twelve others injured in a panic last
night, were held in \$10,000 bail to-
day for a hearing Friday. They
were arraigned on charges that they
had failed to take proper precau-
tions for safety. The injured chil-
dren were reported in a serious con-
dition tonight.

Dist. Atty. Swann said that he
had learned certain theaters em-
ployed "professional guardians" to
get around a city ordinance which
prohibits children under age attend-
ing performances alone. Mr. Swann
said these "guardians" bought
tickets for children and escorted
them to their seats, reporting again
outside the theaters for further
duty.

Bank Decision Is Extended.
(BY A. P. NIGHT WIRE)
WASHINGTON, Nov. 15.—Exten-
sion until next June 30 of the regu-
lations permitting national banks
to purchase or discount six months
commercial paper up to 10 per cent
on their capitalization was an-
nounced today by Comptroller of
the Currency Williams. The paper
must be secured by 100 per cent
of the amount in Liberty Bonds
or certificates of indebtedness.

IOWA WOMAN BURNED TO DEATH IN FURNACE

(BY A. P. DAY WIRE)
MARSHALSTOWN (Iowa), Nov.
15.—Mrs. George A. DeButte, 56,
wife of the President of the Mel-
bourne Savings Bank, was burned
to death in the furnace at her home
Saturday. It was learned today.
After missing her, Mr. DeButte
began a search and found his wife's
body wedged in the furnace door.
She had been ill for some time and
is believed to have committed sui-
cide.

ACTORS VOTE AGAINST CLOSED SHOP ON STAGE

(BY A. P. DAY WIRE)
NEW YORK, Nov. 15.—Substitu-
tion of the "equity shop" for the
"closed shop" in theatrical casts
meaning that union performers will
not play alongside nonunion mem-
bers of the profession, was approved
yesterday by 1800 members of the
Actor's Equity Association.
A referendum vote was taken on
the decision by the entire member-
ship, John Emerson, its president,
said.

BODY OF TERHUNE COMES HOME SOON.

(BY A. P. NIGHT WIRE)
SAN FRANCISCO, Nov. 15.—The
Navy collier Brutus calls from Samoa
tomorrow bringing the remains of
Commander Warren J. Terhune,
former Governor of the island, to
San Francisco, according to advices
received today by the Twelfth Naval
District.
Gov. Terhune ended his life at the
Tutuila naval station, Samoa, No-
vember 5, on the eve of an investiga-
tion into the naval affairs at the
station.

UNIONITES SPURN HOOVER.

(BY A. F. NIGHT WIRE.)

WASHINGTON, Nov. 15.—The executive council of the American
Federation of Labor continued today its discussion, understood to be
largely devoted to seeking methods by which differences between labor
and capital may be adjusted peacefully. There was no indication of what
progress was being made, however, except that it was stated officially
the meeting probably would continue several days.

All sessions are executive and no
statement of the matters under con-
sideration has been given out.
Suggestions that the federation
planned to select some widely known
man to act as its intermediary with
capital in future labor controversies
were characterized by officials as
absurd. Those who would discuss
the situation, which named Herbert
Hoover, former Federal Food Ad-
ministrator, as the man likely to be
selected, declared the report base-
less.

Neither Mr. Hoover nor any other
man outside of the President of the
United States was in a position to
render beneficial services in such a
capacity, one official of the federa-
tion asserted.

It was recalled, however, that it
was stated at federation headquar-
ters last week that Mr. Hoover was
expected to confer with the execu-
tive council during its session re-
garding steps to increase production
and improve working conditions in
various industries through co-opera-
tion of labor organizations and
scientists.

IMPORTED

PERFUMES

DOMESTIC

The gift of individuality and refinement for every occasion. For
dinner favors—acknowledgments, as well as holiday gifts. They
mark the good taste of the giver. While flowers
fade, perfumes last.

We have them in a multitude of artistic packages,
as attractive as the fragrance they contain.

"How did you do it, my pretty maid?"
"I BRISQ-ed them, Sir," she sweetly said."

-She pronounced it BRISQ

HARDING QUILTS COTTAGE.

Abandons Point Isabel in Face of Norther; Motors to Brownsville.

(BY A. P. NIGHT WIRE.)

BROWNSVILLE (Tex.) Nov. 15.—President-elect Harding permanently abandoned his storm-battered vacation cottage at Point Isabel today and found refuge in Brownsville from the norther that has broken up his outing on the Gulf Coast.

MOTOR ROAD CHOSEN.

The motor road was chosen by the President-elect, despite the fact that the narrow gauge special train, on which he made an unsuccessful attempt to escape last night from the marooned point, had been held in readiness for a renewed essay today. The rescue party of automobiles spent most of the forenoon picking a practicable way to Point Isabel, and Senator Harding quickly accepted their offer to bring him in.

Just before the departure, the sun broke through the clouds and smiled on Point Isabel for the first time in nearly a week, but the stinging gale showed no signs of abatement, and the President-elect's last look to sea, revealed his cherished fishing grounds in Laguna Madre, as an abounding field of white-caps.

to Texas at the Brownsville home of R. B. Creager, whose guest they were at Point Isabel, and on whose advice the trip to the gulf coast was undertaken. They will leave by special train Wednesday for New Orleans to take the ship for Panama.

GOVERNOR TO CALL.

He will receive a number of informal calls of courtesy, however, before he departs, Gov. Hobby of Texas, being among those on his engagement list. Gov. Hobby will come tomorrow on a special train to extend the hospitality and good wishes of Texas. Senator Fall, already in Brownsville, but said tonight that his visit had no particular significance.

PATRIOTISM OF PEOPLE IS PRAISED.

Governor's Thanksgiving Day Proclamation Praises Work of Californians.

(BY A. P. DAY WIRE.)

SACRAMENTO, Nov. 15.—Gov. Stephens today issued his Thanksgiving Day proclamation, declaring, "California has made wondrous strides in recovering from the effects of the late war, and the citizens of this State have displayed in peace the same unbounded patriotism and energy that characterized their efforts in war."

The proclamation follows: "The President of the United States has proclaimed Thursday, the 18th day of November, 1920, as Thanksgiving Day."

"It devolves also upon me, as Governor of California, to declare that day a legal holiday, and to call upon the people of this State to unite in rendering thanks to Almighty God for the bounteous blessings showered upon the State and the nation during the present year."

"California has made wondrous strides in recovering from the effects of the late war, its industries have flourished, its people have been prosperous, and law and order have been maintained, and the citizens of this State have displayed in peace the same unbounded patriotism and energy that characterized their efforts in war. The people have rallied to meet the needs of a world under reconstruction."

\$35,000 Worth of Scotch and Irish Linens At 1/3 to 1/2 Off

How much the pleasure of eating depends upon the appearance of the LINENS and other appointments of the table!

Picnic meals spread on a grassy knoll, commanding an inspiring view, or even occasional suppers from the kitchen table have their place in the scheme of a life which demands variety. But the usual breakfasts and luncheons and dinners served in the dining-room with immaculate, gleaming table service are almost a sacred institution in the home.

Good linens, and an abundance of them, are such a vital part of the home's furnishings that savings on such a commodity are unusually advantageous—and SUCH savings as ONE-THIRD to ONE-HALF on SUCH EXQUISITE LINENS as those comprising Barker Bros.' offer are almost phenomenal!

Here are a few examples of the extraordinary values:
(The sale prices will be ONE-THIRD less than prices quoted below)

Tablecloths and Napkins

A 72-inch square cloth of Irish linen, with one dozen 22-inch Napkins. Regularly priced at \$30

Luncheon Sets

A hemstitched luncheon set, 45 inches square, with 6 Napkins, at \$14.50
A 13-piece luncheon set with a 24-inch center, with six 12-inch Napkins and six 6-inch Napkins, regularly priced at \$10

Madeira Scarfs

Assorted patterns, 18 inches wide, in lengths varying from 36 inches to 72 inches, range in price, regularly from \$10 to \$35 at 1/3 Off

A Tea Wagon Is an Ideal Christmas Gift

—Because it gives such pleasurable use, every day.

There is something so cozy about a tea wagon laden with a cheering pot of tea and dainty sandwiches that nothing else can quite take its place.

THE TEA WAGON illustrated is modeled in solid mahogany, with drop leaves and a drawer for silver. It is an impressive value at its price of\$49

TEA NAPKINS, in assorted patterns, with embroidered corners, priced regularly at \$20 AT ONE-THIRD OFF

All DAMASK BY-THE-YARD is specially priced at ONE-THIRD OFF

Whether you are planning to buy new linens for the Thanksgiving dinner, or—

Whether you have chosen to give some choice pieces of linen as Christmas gifts—

You will find EXACTLY WHAT YOU WANT here, at prices astonishingly low.

EUROPE'S ECONOMIC FLIGHT.

While the United States faces the winter with an oversupply of foodstuffs, valued by government experts at \$2,000,000,000, reports come from Europe that millions of women and children face starvation because the communities in which they live possess neither sufficient food for the winter nor the credit to purchase elsewhere a necessary supply.

Something in the economic system of the world must be functioning badly when food is spoiling in the warehouses in one country while millions are perishing of hunger in another. Herbert Hoover has made an appeal for \$25,000,000 to feed 2,500,000 children overseas during the long, cold months before another harvest time comes. It is not a large sum, considering the number of stomachs to be filled, but unless the money is donated, the death rate among those children will be something sickening to contemplate.

Why is it that a part of our \$2,000,000,000 extra food supply cannot be shipped to those worthy communities that the Children's Relief Committee is seeking to supply through gratuitous contributions? What has gone wrong with world credits that the foreign exchange rate should have established new low levels during the last ten days? Is twentieth-century civilization really crumbling and are American institutions going to be able to withstand the catastrophe?

II.
Despite good harvests last summer in most of Europe, there is not enough food on the continent to keep the millions of human population alive through the winter. Europe is drained alike of money and of food. We have about three-quarters of the actual supply of gold in the world. Europe cannot pay with gold, because her supply is already exhausted. Payment in currency is only a promise to pay. If the government of a country collapses the currency of the government is without value. But no shrewd means repudiation of all national debts; and Europe has been flitting with Bolshevism until those possessing something of real value will not exchange it for a "promise to pay."

The international credit system has been destroyed by the radicalism of the Bolsheviks of Russia, who have taken the extreme of confiscating all the securities which foreign insurance companies had on deposit in Russian banks to guarantee payment of policies to Russian citizens. The Bolshevik government is now seeking more foreign capital; but the experience of the past three years has shown that it would be folly to risk money in a Russian investment, irrespective of guarantees the government might offer.

Austria's condition and that of the other states of Eastern Europe is little better than that of Russia. Attempts to foot Polish and Rumanian bills have failed in the past, mainly for the reason that the constitutions of those countries were so radical in form that they offered little security to foreign investors for repayment of loans. Italy will suffer in credit for many months, perhaps for years, by reason of the late radical outbreak, when the workers seized shops and stocks of goods and the government refused to interfere to protect the rights of the owners. Such outbreaks of radicalism may be highly gratifying to the parlor Bolsheviks of this country, but they shake the faith of the investors in the stability of the government and the securities of such nations are without value.

III.
Vast quantities of foodstuffs in this country could be shipped to Europe if the owners could have assurance of getting paid for them. There are half a billion dollars' worth of manufactured articles in the country also that Europe needs but that are not being shipped because Europe can give no security for ultimate payment. The situation is one that must be faced frankly. Three-fourths of the countries of Europe are morally bankrupt. They have defaulted on their debts and until they are able to pay, they are not going to be able to secure the sense of national honor. Organized minorities have secured, or threaten to secure, political and economic control. Their governments are unstable; revolutions are consummated almost in a day. The promises of one government are repudiated by the next. Even there, there is no assurance that a general strike will not wreck the whole productive machinery of the country. Under such conditions safe investments are impossible.

The credit of the countries of Eastern Europe is no better than that of Mexico under Carranza and his immediate predecessors. Mexico sought foreign credits, but could not secure them by reason of Article XXVII of the Mexican Constitution. That article introduces the Bolshevik spirit into the government of Mexico and, until it is repealed, Mexico will apply in vain for foreign credits. Even there, there is no assurance that a general strike will not wreck the whole productive machinery of the country. Under such conditions safe investments are impossible.

IV.
But we are to permit millions of human beings to starve in Europe while billions of dollars' worth of foodstuffs go to waste in the United States? If that condition cannot be remedied our civilization is passing into decadence. Tourists returning from the different countries of Europe bring back the report that this country is becoming detested because it is rolling in wealth while Europe is groveling in misery. Europeans accuse Americans of being without conscience and without heart. And the tragedy of it all is that they cannot see that their own dalliance with radicalism has lost for them the confidence of the rest of the world. Who cares to ship wheat to Italy, taking a chance that a Communist commission will seize the vessel when it arrives at an Italian port and confiscate the wheat? Europe no longer has radicalism; it has a devil's price to be paid.

Yet those peoples of Europe are now capable of producing vast quantities of goods for which the American people would be glad to pay with the agricultural products that Europe so sadly needs. It is possible that a commodity exchange on an

International scale might be established in Belgium and, perhaps, in Italy and Russia. American shippers might carry to Antwerp cargoes of raw cotton valued at \$1,000,000 each and exchange it there for print paper of equal value. Wheat might be exchanged for nitrate and meat products for dyestuffs.

Readers lacking initiative will promptly begin to cry that it can't be done; and their only reason for that assertion is that it hasn't been done. The methods of exchange based on the mutual confidence of those days before almost half Europe turned radical, lost its sense of honor and began repudiating its obligations, can no longer be used. A man or a nation that once breaks faith cannot conduct a business on a promise-to-pay basis. American bankers and the American government itself have suffered losses that total more than \$1,000,000,000 in bonds of defense Europe broke. Are they expected to make new loans on the same basis? It would be stupid rather than humane to do so.

Yet women and children are starving in Europe and vast quantities of foodstuffs are decaying in the United States! The horror of it makes one's blood run cold. Little is accomplished by casting about to fix the blame. If those women and children are not to be fed, millions of European laborers are seeking to escape from the misery and terror of their surroundings.

ings to America, to the land of the dollar, where food and employment are still to be had. They are now coming here at a rate that will drag our own country down to the level of the poverty that exists in the rest of the world. Unless immediate steps are taken to pass immigration laws that will preserve the field of American industry for American workers.

V.
MATERIALISTS will say that the people of Europe are paying for their own radical folly. That a person who once fed, clothed and housed his family while the rest of the world starved, and who then turned to radicalism, is a fool. But the spirit of the sermon on the Mount is not dead in the world. Millions of persons in the United States will help feed their starving brethren. They want to help the struggling peoples of Europe to help themselves; but they are not willing to sacrifice the earnings and savings of years in order to give a few radicals a hilarious holiday. Herbert Hoover did much to solve the problem of feeding the women and children of the Allied peoples during the war. Perhaps he may find some plan to make possible a resumption of exchange on an equitable basis of commodities between the Americas and Europe. But it is heart-breaking to know that so many unfortunate people are suffering while the rest of the world is so rich. Heavy indeed is the price that the present generation in Europe must pay for falling down in worship before the false gods of Communism, socialism and anarchy.

WHAT OF DEMON RUM?

There appears to be a marked diversity of opinion as to what happened to the liquor issue in the recent solemn referendum. The statisticians of the "wet" figure that more than 100 Congressmen who voted for the Volstead Act were beaten in reelection and that their defeat is a protest against the extreme aridity of the present enforcement act. But the "dry" forces have been doing some figuring also and Wayne B. Wheeler, general counsel for the national Anti-Saloon League, announces that 225 members of the last Congress who voted for the Volstead Act have been re-elected. As there are but 425 members in the present Congress there are enough holdovers to defeat any attempt to liberalize the Volstead Act by increasing the percentage of alcoholic content at which a drink becomes "intoxicating."

The real hope of the proponents of light wines and beer, however, rest with the Supreme Court. They know there is small prospect of getting an amendment of the Volstead Act through Congress; but they are aware of the fact that probably there will be four vacancies on the Supreme bench to be filled within the next four years and they are hoping that the new justices will be more tolerant towards those afflicted with a thirst than the present members of the Supreme Court.

Some of the decisions of the present court on the enforcement of the Eighteenth Amendment have been far from unanimous. Senator Root has always held that an impartial court would never sustain the Volstead Act. Prominent antisaloon leagues have expressed themselves, however, as having full assurance that Harding was not let down the bars to the "wet" interests in making selection to fill the places of the three Republican justices and the one Democratic justice who are expected to retire. These four justices are alleged to have retained their places during the Wilson administration because they feared Wilson would appoint successors with ideas verging on radicalism.

The four justices said to be contemplating retirement—McKenna, Holmes, Day and White—have been strong supporters of the Eighteenth Amendment and the Volstead Enforcement Act. It is just possible that successors might be appointed who would be more indulgent. And it is possible that the Federal Supreme Court

"Lucky Dog!"

possesses power to declare the Eighteenth Amendment itself unconstitutional, regardless of the decision that have already been given attesting to its validity. A change in the personnel of the Supreme Court of the United States brought about a reversal of the court's opinion in regard to a Federal income tax, and it is possible, though far from probable, that a change in the personnel of four of the justices might affect the court's opinion in regard to national prohibition.

As to the hundred-odd Congressmen who voted for the Volstead Act and failed to be re-elected, The Times is of the opinion that they were re-elected because they were Democrats and not because they had voted for a rigid enforcement of the Eighteenth Amendment.

A CANDID FRIEND.

The man who plays the part of candid friend has an unpopular role. Dr. E. J. Dillon does not shrink, however, from accepting the character. He has contributed a notable series of articles to The Times concerning Mexico. Much of what he has said has been quite novel even to Americans who thought they had more or less general knowledge of conditions below the border. Dr. Dillon has given them new viewpoints. If this is true as regards our own country across the Atlantic as well as the educated people of Mexico. Some of Dr. Dillon's assertions possess a bitter taste for them. Nevertheless they contain so much that is valuable that the Mexicans cannot fail to derive benefit from them. Even if they feel compelled to make wry faces at them and gag.

The people of Mexico are, in fact, fortunate in having a man of such eminence as Dr. Dillon engaged in informing the world regarding affairs in the southern republic. The doctor has an international reputation. His work has found eager welcome in the most conservative British magazines and in Europe and Asia have been his fields, but after giving a notable exhibition of reporting at the Peace Conference he came to Los Angeles and now seems to have made up his mind to become as much of an authority on the New World as he is on the Old. People across the Atlantic as well as those on this continent will obtain new impressions of Mexico from him and his articles will find space in publications which are closed to lesser lights.

A LITTLE BERNON BY YE PASTOR.

Take it from ye pastor, young fellow: If you are undecided as to what business to go into—go into the sunshine business. It pays big profits. You know how physical sunshine affects you—how it makes your day pleasant and cheerful and puts health, zest and vigor into your system. Sunshine into your soul—sunshine in your heart and sunshine in your face is of an infinitely higher order because you can take it into the darkest corners of your day and there will be light.

Distribute sunshine. The sunshine spirit in you will not only transform your entire day, but it will go to transform the entire days of everyone that comes within the radius of your sunshine. You are cheered and inspired every time you pass a man or woman on the street with sunshine streaming out from their countenance and very attitude. To go into an office where there is sunshine; to go into a home where there is sunshine; to meet people and talk with them with sunshine radiating from them—you cannot possibly come in contact with a finer influence.

Distribute sunshine. Sunshine is a thing made up within us. It cannot be bought and it cannot help but be in you in great quantities if you eliminate from your thinking and from your working the things that shut out sunshine—anger, regret for things that cannot be helped, wrong viewpoints, worry, hatred, envy, jealousy. Get these things out of your system—give the sunshine a chance and your value to yourself and other people will grow and grow.

Go into the sunshine business.—(Arkansas Thomas Co.)

DEADLY DUST.

BY FREDERICK J. HARKIN.

WASHINGTON (D. C.) Nov. 15.—Dust explosions from a bewildering variety of causes and almost all sorts of dust continue to worry manufacturers and the government. Since the method of collecting dust in factories, supposedly a real safeguard, caused an explosion, chemists in government and private laboratories are hunting more anxiously than ever for solutions to the dust danger.

It has for some years been understood that grain dust suspended in sufficient quantities in the atmosphere might cause an explosion if a match were lighted or a spark of electricity released. Later, however, dust from sugar, chocolate, rubber, fertilizer, starch, paper, and other materials has proved explosive. A campaign against careless use of grain elevators and four mills has cut down the number of accidents there, but at a recent conference on dust explosions it was shown that in the twelve months preceding there had been at least seven serious explosions in other kinds of factories, in which at least 11,000 people were killed, and \$1,000,000 worth of property destroyed.

The Bureau of Chemistry in the Department of Agriculture says that it receives many samples of dust from manufacturers who want to know if the particular kind of dust their plants is dangerous. The prevailing tendency is for the factory owner to think that his plant is immune, but so far tests have shown that every kind of dust is explosive, except inert dust—that is, finely ground lime or rock. Explosions of dust are sufficiently concentrated and ignited.

WHY DUST EXPLODES.
"We might try for some time to burn a block of wood with a lighted match. If we take a knife and chip the block the shavings will ignite more quickly. We might make excelsior and find it would ignite still more rapidly, and then continue by gradual reduction to a degree of fineness until dust is reached. When it is found that the mass will burn rapidly when in suspension and diffused in the air, the rate of burning is so rapid that a violent explosion may

Rickenbacker May be Referee of Auto Races.

Eddie Rickenbacker, who was America's leading ace during the great war, and who, previous to that, was one of America's greatest racing drivers, has been asked to referee the Thanksgiving Day 250-mile championship race on the Los Angeles Speedway, Charles F. Rock of the Chicago Motor Club, and Standish L. Mitchell of the Automobile Club of Southern California, have been named honorary referees to assist Rickenbacker. Both Mr. Rock and Mr. Mitchell have refereed an event on the local track, previously.

It is expected that Rickenbacker will accept the position. When in Los Angeles last week he said that he expected to fly down from Oakland for the race in an American-made Jucker scout plane. He expects to fly down in less than three hours.

Due to the stoppy weather there was no practice on the speedway yesterday, but several of the drivers will be out today if it doesn't rain. Ralph De Palma is expected to arrive tonight, having come straight across from the Ballot factory near Paris and will probably have something interesting to announce regarding the car that he will drive Thanksgiving Day.

NO PROTEST COMES FROM AERO CLUB.

NEW YORK, Nov. 15.—Allan R. Hawley, president of the Aero Club of America, declared today that no formal protest of the recent James Gordon Bennett international balloon race, held in this country, and won by the Aero Club of France, has been received by the Aero Club of France.

When shown a Paris dispatch stating that the French entrants, Capt. Louis Hirschauer and Leo Nathan, had complained to the Aero Club of France that the American body had violated the regulations of the International Aeronautics Federation, Mr. Hawley said: "I speak French just about as well as Capt. Hirschauer speaks English. I believe, across through inference on his part. All the rules were lived up to. Capt. Hirschauer with his country English, I think, failed to grasp the situation."

Umpire Phyle on the Stand in Ball Probe.

William Phyle, a local umpire for the Pacific Coast League, took his turn yesterday before the county grand jury in the inquiry being made regarding charges that baseball players were given money to throw games for the benefit of a coterie of gamblers. W. Baker (Babe) Norton, whose charges were partly instrumental in starting the investigation, was recalled before the grand jury, and interrogated by Dep. Dist. Atty. Stanford.

Manager Klepper of the Seattle club, who came here from Seattle to testify, was heard by the grand jury, and a newspaperman, the inquiry will be resumed tomorrow.

ALL-STARS AFTER WHITE SOX SCALP.

With Bobby Messersmith and Irish Meusel in the home-run line, in the line-up of the All-Star baseball club, which is composed mostly of major league stars, will meet the White Sox (colored) team at the Sox park, East Fourth and Anderson streets, next Sunday afternoon. The White Sox have been riding rough-shod over any and all of the so-called ball club stars recently and the brigade from Davenport figures another victory in the Sox. It was learned yesterday, however, that negotiations are being made to have a man who worked in the world series between Cleveland and Brooklyn pitch for the All-Stars next Sunday.

VARDON AND RAY LAUD OUR GOLF AMATEURS.

LONDON, Nov. 15.—Vardon and Ray who returned from the American trip today both expressed the opinion that Chick Evans and Bobby Jones are the best amateurs in the United States; Jones being the better of the two.

"Twenty American amateurs are certain to visit England next year," Vardon told a reporter, "and our amateur champions will assuredly go to the States."

CLAIR BROMEE GETS REFEREE'S DECISION.

SALT LAKE CITY, Nov. 15.—Clair Bromee, San Francisco lightweight, was awarded a referee's decision over Pat Gilbert of Salt Lake in a fast six-round bout here tonight. Bromee led all the way.

In a four-round contest, Young Papke, Sacramento lightweight, shaded Eddie Lynch of North Platte, Neb.

FULTON KNOCKS OUT HARRY WILLIAMS.

WINNIPEG (Man.) Nov. 15.—Fred Fulton of Minnesota, tonight knocked out Harry Williams of San Francisco in the second round of their scheduled twelve-round bout. Fulton scored Williams with a left to the jaw and right to the head after one minute and fourteen seconds of fighting in the second round. The men are heavyweights.

POST-SEASON GRID GAME.

NEW YORK, Nov. 15.—Possibility of a post-season football game on December 4, between Notre Dame and Penn State, was announced today by President Charles A. Harnham of the New York National Football Club, who is negotiating for the match.

OLD TAR BABY THERE.

MEMPHIS (Tenn.) Nov. 15.—Stan Langford, the veteran tar baby, defeated Jack Thompson of Philadelphia in an eight-round match here tonight and did it without the loss of much sweat from his kinky brow.

SAGEHENS-TIGERS TO MIX. Historic Football Tilt to Decide Southern Conference Championship.

THE big event in local intercollegiate football circles, the annual contest between Occidental's well-known Tigers and the equally well-known Pomona Sageshens. This year the festivities will be staged on Patterson Field, which is the home fair of the Orange and Black cohorts.

AN INSTITUTION.

The Pomona-Occidental game, surrounded with age-old traditions, is to the alumni of these institutions what the Yale-Princeton game is to a larger scale to the alumni of those famous foundries of learning.

Standing out as landmarks are the 1902, 1912 and 1915 games. The first of these, Pomona won by the ample score of 52 to 0. In the other two, Occidental obtained large reverses, by a score of 17 to 0 and 13 to 0.

RAH FOR WALT!

The Pomona eleven, which ran up a score over the century mark, was coached by Walter Hempel, Joe Phipps' teams were accountable for the tiger's big score.

According to well-known dope, Pomona figures to add another game to her string of victories next Saturday. Pomona has defeated the S.B.U.C. 40 to 0, Cal.

(Continued on Second Page.)

TO PROMOTE BIG MATCHES.

THE three promoters are the only directors of the corporation, which will hold contests under the name of the "American Sporting Club," a representative of Mr. Rickard declared. Mr. Rickard, it is understood, will look after the European interests of the corporation in inducing foreign pugilists to come to this country.

POLO ON TAP NEW YEARS.

SAN DIEGO, Nov. 15.—Polo and golf activities at Coronado will commence New Years Day, and according to all indications, exceed in interest those of pre-war times. Polo especially, promises to be more popular, and with more frequent games than at any time since 1915, when polo players from all over the continent and island, assembled at Coronado for its midwinter tournaments.

The presence of at least four teams is assured for participation in the semi-weekly games, which will extend over a period from January 1 to March 20. Two Canadian teams, and one from New York, captained by Julius Fleischmann, of which W. Hoping, the eight-goal star from the Bryn Mawr Polo Club, will be a member, and the Coronado Country Club team, which will consist of the pick of individual players from the East.

Two well-known western poloists have written Maj. Colin G. Ross, that

TALKING OVER THE "BIG GAME."

Standing of eastern and western football teams was discussed at the California Club last night by officials of the Pasadena Tournament of Roses Association, with a view to selecting the opponents in the annual East vs. West gridiron classic at Pasadena on New Year's Day.

No decision was reached as to which eastern team would be chosen. It was agreed that the selection of the western team would not be made until after Thanksgiving Day.

This latter decision indicates that the Tournament of Roses officials are still considering the University of Southern California eleven as a possibility for the western champion, as the University of California and Stanford University, the only other possibilities, will play Saturday of this week, while the Trojans and the University of Oregon squads will contest at Tournament Park Thanksgiving Day.

Princeton came in for very serious consideration as the eastern contender. Invitations will be extended to both East and West teams Thanksgiving night.

Trapshooters Show Decrease in Their Skill.

NEW YORK, Nov. 15.—Compared with the list of averages made by American amateur trapshooters last year, the season just closing has not been productive of as much skill by those who shoot at inanimate targets. In 1919 twenty-two amateurs had averages of 94 or better, seven of them showing 98 per cent or a little better.

According to the official list issued by the American Trapshooting Association only two of the twelve leading amateurs have shown 97 per cent and the other ten have 94 or better. These averages have been compiled for those who have shot at 1000 or more targets during 1919.

Among the professionals three made 97 and over, while nine others had averages better than 94. Following are the leaders:

Amateurs: Frank M. Troob, Vancouver, Wash., shot at 838; average 95.7. Fred Hickey, Newark, N. J., shot at 871; average 95.1. Mark Aris, champion, Ill., shot at 250; average 94.7.

Professionals: Guy Ward, East Alton, Ill., shot at 643; average 97.2. J. R. John, Long Grove, Iowa, shot at 374; average 96.1. Joseph J. Graham, Kansas City, Mo., shot at 578; average 95.1.

WINTER SEASON TO OPEN ON THURSDAY.

L.A.A.C. SWIMMERS TO ENGAGE IN A NIFTY PROGRAM OF EVENTS.

The winter swimming season is to open with a large and resounding splash at the Los Angeles Athletic Club Thursday night. Coach Cady has arranged a program that threatens to startle all the natives in the vicinity, and will have more bona fide champs actually in the water than most people ever knew existed.

Many of the swimming demons who rushed over to the Olympic games and brought back slices of bacon to Southern California, will be entered in the various events and the evening promises to be a very large one.

The Southern California 100-yard free-style for men, will be a battle between Sylvester, Kilburn, Whitaker and Johnson. The 220-yard breast stroke will bring together Bobbly Vint, the swimmer and Paul Nelson. In the women's 220-yard dash, Dorothy Burns, Thelma Finn, Thelma Darcy and Marion Curtis will do a majority of the competing.

Miss Curtis is the present national long-distance champion and one of the prettiest swimmers seen in club waters for a long time.

Clyde Swendsen, Hag Frisette and Alleen Allen, all Olympic stars, will give exhibitions of high and fancy diving. Ray Kegeria, who made such a sensational showing at Annapolis, will be one of the speed entries in the back-stroke race. A 220-yard handicap for men and a 100-yard handicap for women will complete the card of races. Water polo will be indulged in by the L.A.A.C. and Bimbi teams.

JACKSON DEFEATS HEAL AT BILLIARDS.

CHICAGO, Nov. 15.—Clarence Jackson of Kansas City, won his second game in the preliminary of the national three-cushion billiard tournament, by defeating Hugh Heal of Toledo today, 50 to 15, in fifty-eight innings. Charles Morin of Chicago, won from Jess Lean of Denver, 50 to 40, in eighty-three innings.

APPLICATION DAY UP.

NEW YORK, Nov. 15.—Applications for entries in the Pulitzer trophy airplane race at Mineola, N. Y., on Thanksgiving Day, will not be considered after today, it was announced by the contest committee of the Aero Club of America today.

EXPECT WHALE OF A CONTEST.

Thanksgiving Day Grid Tilt Should be Zippy.

Trojans to Meet Rejuvenated Oregon Squad.

Game Will be Puled Off at Tournament Park.

As a result of Saturday's football games in the Northwest it appears that the Thanksgiving Day combat between U.S.C. and Oregon at Tournament Park will be one of the fiercest of the year.

At first it appeared that U.S.C. would have a nice little walkaway with the eleven from Eugene. So said folks who looked at the scores. They argued that U.S.C. had beaten Stanford 10 to 0, and Stanford had defeated Oregon by the same count. Quite simple. It would be easy for the Trojans.

THREE BEARS.

Then certain facts came to light. Three men who played for Stanford against Oregon did not appear in the contest with U.S.C. here. These men were "Sveeda" Richter, perhaps the best center on the Coast; "Dink" Templeton, the peer of any punter or drop kicker on the Coast, and "Big Patrick," the star halfback.

These three were in Antwerp with the American Olympic team, and did not reach Palo Alto in time to cut across the water to the fray with the Trojans.

Then it was learned that Oregon had five veterans on the injured list when the game with Stanford was called. Only fifteen men made the trip.

But last Saturday the rejuvenated Oregon team turned around and lost the University of Washington by a score of 17 to 0, after Stanford had much difficulty in winning, 12 to 0, from the Seattle men, as a result of Templeton's powerful boot.

WILL BE ON EDGE.

Next Saturday Oregon plays her annual game with the Oregon Aggies, and then comes south for the Turkey Day bout. Sky Huntington's men will be on edge and hoping to wallop the team which put the skids under Stanford.

If Oregon succeeds in defeating the Oregon Aggies by a larger score than 17 to 7, which was California's winning count over the Aggies, there will be considerable doubt if California's team is after all the greatest on the Coast. Of course, the score will have no bearing on the result of the Coast conference title, which will go to the winner of the California-Stanford game next Saturday.

But if U.S.C. defeats Oregon then there will be much demand for a post-season game between the Trojans and the Bears.

Fickets for the Oregon-U.S.C. contest go on sale today at local sporting goods houses and already graduates Manager Henry Bruce reports a large rush for the post-boards.

WALTER KEELEY IS SIGNED BY DODGERS.

MODESTO (Cal.) Nov. 15.—Walter Keeley of Modesto today signed a contract to play with the Brooklyn club of the National League in 1921. He is an infielder and is now a student at St. Mary's College at San Jose.

AWAIT CUE ANTHEM.

NEW YORK, Nov. 15.—Billard enthusiasts look forward to the arrival here tomorrow of Edward Horstmann, famous Russian player, with unusual interest. Twentieth plans are under way for a match between Horstmann and Willie Hoppe.

HORSE SHOW OFFERS.

NEW YORK, Nov. 15.—A polo match and an exhibition of machine gun and team work, featured on the program of the thirty-fifth annual national horse show, which opened today at Madison Square Garden, with the largest number of entries in its history.

KNOWING how to fit shoes doesn't do any good unless the man who knows how has the right shoe for you. That's one reason we like to sell Florsheim Shoes—we know how to fit shoes and a store full of Florsheims gives us the material to work with. You'll like the looks of them, too. Florsheim doesn't make a single shoe that isn't in good style and good taste.

These Records Speak For Essex Economy

Just a few Essex economy records, made in a week of nation-wide tests, in which many owners participated, setting marks that have rarely been equaled.

Sacramento, Calif.—Defeated 19 entries and took Tal-lac Cup for highest gasoline, oil and water mileage in Sacramento Dealers' Reliability run.

California—Four women drove from Los Angeles to San Francisco and return, averaging 22.3 miles per gallon. A San Francisco Essex made the round trip, 846 miles.

Los Angeles, Calif.—To San Francisco over 828-mile

route of steep grades and frequently far from water supplies Essex, which had previously gone 28,000 miles and under U. S. Marine observation, made trip sealed in high gear with sealed hood and sealed radiator. Average 22.8 miles per gal. gasoline.

49 Cars Average 18.9 Miles Per Gallon—Records cover every kind of test at speeds from 5 to 72 miles per hour.

Today light car advantages of economy compel attention as never before.

And these Essex records are of especial interest in the light of the exceptional performance that accompanies such savings.

But motor economy is not confined to gasoline and tire mileage.

As important as Essex savings are in those items, you will find its greatest economy is in the freedom from repair and replacement costs, which is so distinctively an advantage of Essex in its service of nearly 50,000 owners.

WATCH the ESSEX

KILLEFER OUT TO GRAB KRUG.

Hopes to Sweep Curley Brown for Fast Second Baseman.

Might Prove a Tower of Strength for Angels.

Trade Should be Beneficial for Both Organizations.

BY ED O'MALLEY.

Red Killefer, who comes so near winning pennants that he has one frequently on the giddy edge of despair, is making a trade of Curley Brown for Art Krug.

Art is the rather husky built key-stoner of the Mormons. He has about as many moods as a flea has darts. He hurled the traces a time or two during the 1920 season, probably in a flame of envy. Ernie Johnson's voice didn't really sound good to Krug when that organ was tinged somewhat, with a discipline streamer on fact, Johnson's leadership hovered around the festive second meeker, very much like a bay mare.

OPEN SECRET.

It is an open secret that Krug was offered the Salt Lake manager-ship this year if he would cut in last season and sole forth his best wares. Whether Art kept touch with his word, is a problem, but the cold fact bobs up that the Mormon powers that be, are on the lookout for another leader (in case Johnson is grabbed by the big show) and his name is not Krug. Art would undoubtedly prove a tower of strength to the Angel line-up under Killefer's subtle management. No other chief in the business has it on Red when it comes to getting the best out of his men. Figuring in this line, there is every reason to believe that Krug would soon make a hit with local fans, were Red to glom him.

BROWN AN ENIGMA.

In the heavy line Curley Brown is an enigma to many shrewd followers of baseball. In 1919 he was a whale of a chucker—last season he was about as effective as a bubble in a cloudburst. To our way of thinking, Brown is the easiest and most graceful chucker in the game today, and undoubtedly has a number of good years before him. His sturdy left must be in good shape, for he surely hunched it while with the Seraphs.

Many twirlers shoot every ounce of energy into almost every ball they throw—not so with Curley. He just goes along with that graceful swing, inning after inning. We really believe Curley is somewhat track sore with the Angels, and a change of habitat might work wonders for him.

Therefore, a trade of Krug for Brown should prove not only beneficial to both players, but also to both clubs. Were Curley to buckle down and give the Stormers his best, he should easily prove to be one of the niftiest projectors in the Pacific Coast League next season.

Another Board Vessel Sold.
(BY A. P. DAY WIRE.)
WASHINGTON, Nov. 15.—Sale of the 1235 deadweight ton steel cargo vessel Cedarhurst for \$1,447,838, to the Charbonneau-Rajala Company of New York, was announced today by the Shipping Board.

FRENCH GIRL IN HIGH-JUMP MARK.

(BY CABLE AND ASSOCIATED PRESS.)
C A N (Normandy) Nov. 15.—Miss. Elise Constant of the Caer Gymnastic Society cleared the bar at 1 meter and 42 centimeters (about 4 feet 6 1/2 inches) at the Cornelles stadium yesterday. The French claim this is a world's record for the women's high jump.

SAGEHENS AND TIGERS TO MIX.

(Continued from First Page.)

Teach. 25 to 7, Redlands, 21 to 0; Occidental beat S.B.U.C., 21 to 0; least to Whittier, 21 to 7; defeated Tech., 15 to 7, and Redlands, 4 to 6.

The Tigers' record fails to shape up in any way whatsoever to that of the Sagehens this year, and yet Occidental students believe their team has a fine chance to throw a monkey wrench into the Sagehen football machine.

GETTING BETTER.
It is a well-known fact that Coach "Doc" Stanton of Occidental points the team for the game with Pomona. The defeat by Whittier, while naturally a blow, did not dishearten him, and he will put a team on the field next Saturday, that will probably play at least 50 per cent better football than at any time this year.

The Tigers, last year, did not figure the same class with Pomona by a whole barrel of touchdowns, and yet the contest was not decided until the last quarter, when Covington got through on a criss-cross and rammed for a touchdown.

Pomona sports practically the same line-up this year as last. What changes there are, seem to have been for the best. Rich at left and takes the place of McCellan and is holding down the job in splendid fashion. The loss of Greathouse in the line is not noticeable. Covington, Voorhies and Wilson in the backfield, have no peers in the conference as runners in the open field. Stanton has developed a powerful line at Occidental, but the backfield lacks the class of the Pomona outfit. Fulton, Curtis, Madden, Norton and Roberts are good pluggers, but lack the individual finesse of the Sagehen stars.

Both teams will work out behind the smoke screens this week. Coach Stanton has barred even the alumni from the practice, and the Sagehen field will be closely guarded from the gaze of all would-be night-seers. Coach Nixon doesn't know how many touchdowns his team figures to beat Occidental by, but he isn't taking any chances. He knows the sly Fox of Occidental.

RICE AND BEAN CROPS THREATENED BY STORM.

(BY A. P. DAY WIRE.)
SACRAMENTO, Nov. 15.—Serious damage to the rice crop, which is only half harvested, and to the beans, is threatened by the present storm that is prevailing in the valley, and is predicted to last for the next thirty-six hours.
The rainfall in Sacramento for the season has reached 1.24 inches, compared to a 2.17 normal.

TWO LEGIONS MATCHED.

(SPECIAL CORRESPONDENCE.)

REDLANDS, Nov. 15.—The American Legion football team of San Bernardino, having won the Armistice Day tussle with the Sherman Indians, is "trav'lin' to go" with the Redlands Legion team in the Turkey Day game that has been arranged for the city. Some of the big stars of football in the past four years will be seen in action.
San Bernardino won the game against the Indians through the

CONVICTION STANDS.

Supreme Court Dismisses Appeal from New Mexico.

(BY A. P. DAY WIRE.)
WASHINGTON, Nov. 15.—Conviction of Jesse O. Starr and Charles Schmidt in Luman county, N. M., on charges of murder in connection with the killing of Sheriff Dwight P. Stephens, will stand as a result of the Supreme Court today dismissing the appeal for want of jurisdiction.

ALBUQUERQUE (N. M.) Nov. 15.—Jesse O. Starr and Charles Schmidt, whose conviction for the killing of Sheriff Dwight P. Stephens of Luna county was upheld in the United States Supreme Court today, are under death sentence in the State penitentiary at Santa Fe. Stephens was killed in a jail break in 1916.

CASE REPTISED REVIEW.

(BY A. P. DAY WIRE.)
WASHINGTON, Nov. 15.—The Supreme Court refused today to review the conviction in Seattle of Samuel C. Jackson on charges of "forging and uttering" bills of lading.

26 years of Printing Experience

Fletcher Ford

—offers to Buyers of good printing unusual service at consistent cost

INCREASED cost of labor has emphasized the importance and necessity of time-saving equipment in cutting printing costs. Equipment in the Fletcher Ford Company's plant includes the latest and most efficient printing machinery. Everything is handled under one roof—linotyping, composing, presswork and binding. Only one profit is figured on the work, only one low overhead expense is involved, placing our organization responsible for the entire work.

By our systematized methods of handling work we are able to cut down the time, save extra handling costs, prevent waste and maintain the very closest supervision during all stages of production—with the result that we are able to produce first class printing at the most consistent cost to the customer.

Automatic Feeders
The installation of automatic press feeders on all of our larger presses has enabled us to cut labor costs on impression work approximately 25 per cent—a saving that is reflected in our Fair Prices.

Clean, Unbroken Type
We are equipped with the most complete of modern type cases of all types and many series of unusual type for special purposes. We can set your copy in the style of type best adapted to the text.

Rapid Folding Machines
We are equipped with the most modern folding machines on the market. Our latest Folder can make 191 different folds and does the work with lightning speed and absolute accuracy. We have reduced binding costs to the minimum.

Our representatives have printing. They can intelligently advise you. When may one call?

BOXING RUINED BY WORLD WAR.

Too Much Emphasis Was Laid on Aggressiveness.

So That It Is No Longer the Art of Self-Defense.

Something Needed to Develop Skillful Scrappers.

BY DE WITT VAN COURT.

What real benefit has boxing gained by the war? When Uncle Sam introduces anything new into the Army or Navy, he usually has a very good reason for so doing. The object, no doubt, in making boxing one of the major sports of the doughboy and gey's training was done to improve him physically and morally and give him a pleasing pastime during his few idle hours. But the real object was very plain. Trench fighting called for almost a new style of hand-to-hand fighting.

GOOD STUFF.
There is no claim of physical training that gives a young man more confidence, courage and self-reliance than boxing. It develops his brain to quicker thinking and trains his arms and legs to quicker movements and action. All of which is needed in bayonet fighting. Those who received this training proved by far to be the best bayonet fighters. Uncle Sam had nothing else in mind than to win the war and win it quickly, overlooking for the time being, all the harm it might do to boxing from a scientific standpoint. It was quick, and never as hard, as the boxer who carries his body and hand in the boxing position. The boxers who were sent over to Antwerp by the Army and Navy to take part in the Olympic Games did not win a single place, and I am thoroughly convinced that the system used cannot develop a scientific boxer.

WATCH DEFENSE.
The Army and Navy have done wonders in keeping boxing clean and wholesome. But now that we are at peace with the rest of the world the instructors would improve the class of service boxers very decidedly by giving more attention to defensive work.

THE DEFENSIVE BOXER.
The defensive boxer must score more points to win than the aggressor in any boxing contest. But that requires much more skill and science from any and every angle of the game, and I will never believe that our Uncle Sam ever intended that the game should deteriorate.

WE HAVE EXHIBITION BY AGGRESSIVE BOXERS EVERY WEEK. out at Vernon. What do they expect to do with what we see? A one-sided contest, all in favor of the clever fellow.

SERVICE BOXERS.
Many of these aggressive fellows are soldiers and sailors. We are all strong for them because they are our fighting boys, and we admire their willingness and gameness. But what about their ability as boxers? Too much stress is laid on aggressiveness. Give more credit to defense, cut out all holding and clinching at all times, and the game will take a very decided jump for the better.

WE HAVE ALWAYS considered this a good rule. If you cannot lick the other fellow, be sure he doesn't lick you. To do this requires a fair knowledge of defense.

AUTO THIEVES GET NINE CARS.

The following autos were stolen from the streets of Los Angeles yesterday: Dodge 1919 truck, engine number 447240; Buick 1919 touring, green, 22-199; Hudson 1911 four-cylinder strip car, black, 229-174; Buick 1920 touring, green, 228-032; Ford 1918 touring, black, 189-859; Ford 1917 roadster, black, 278-027; Nash 1918 touring, black, 221-429; Buick 1920 touring, black, 228-505; and Dodge 1916 touring, black, 278-821.

Anyone seeing any of these cars will please notify the auto theft bureau of the Auto Club of Southern California or police headquarters.

CLAYTON HITT HARD.
The boxer who assumes the position of a bayonet fighter makes it almost an impossibility to hit as quickly, and never as hard, as the boxer who carries his body and hand in the boxing position. The boxers who were sent over to Antwerp by the Army and Navy to take part in the Olympic Games did not win a single place, and I am thoroughly convinced that the system used cannot develop a scientific boxer.

THE MARQUEE OF QUEENSBERRY rules never consider aggressiveness unless the boxer is a professional. A rule that in my opinion should never be changed. Since the armistice has been signed and the professional boxers have left the Army and Navy, there have not been a bad lot of boxers developed in the service. Aggressiveness has done almost as much harm to the game as the holding and clinching so prevalent these days.

WATCH DEFENSE.
The Army and Navy have done wonders in keeping boxing clean and wholesome. But now that we are at peace with the rest of the world the instructors would improve the class of service boxers very decidedly by giving more attention to defensive work.

THE DEFENSIVE BOXER.

Yes, you can use it free for one week

We show you just how to operate it, then we send it to your home and for a week you enjoy this wonderful electric sewing machine just the same as though you had bought it.

And we do this—

—because we want thousands of women to find out this week how this wonderful

EDISON Portable Electric

makes the household sewing a pleasure!

—because we want you to see how it saves time and trouble; how it is instantly available at any lamp socket;

—and how simple to use—just press the foot control to start it or to stop it—to make it go slow or to make it go fast. No treading, no back-breaking work. You sew miles and miles of seams and only have to sit and feed the work through.

Our Special Proposition

Use it a week—no obligation. If you want to keep it we take your treadle machine in part payment.

Go into the store of any of these dealers where the Edison Portable Electric Sewing Machine is being demonstrated and they will gladly arrange for you to have a machine in your home for a week.

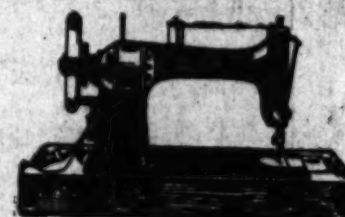

These Dealers sell EDISONS Ask them for a demonstration

BANDITS ROB FOUR.

Auto Highwaymen Escape with Loot Valued at Thousand.

Highwaymen operating in automobiles early yesterday morning held up four persons in and near Los Angeles and escaped with jewelry and money amounting to almost \$1000. Capt. Edwin Houser of Hollywood told the police he was robbed by two who drove an automobile up to his machine near the Page Military School and relieved him of about \$15. F. W. Miller, owner of an old station at Sixth avenue and Washington boulevard, was robbed by automobile bandits, who drove up to his station for gasoline. They secured \$127 in cash. James McArthur of 4250 Wesley avenue and a woman companion reported that two masked automobile bandits held them up near Pico and Wilshire boulevards and took diamond rings and other jewelry valued at over \$100, together with \$100 in cash.

POLICEMAN ACCUSED.

Clear Store Proprietor Charges Officer Struck Him in Mouth.

Charges were filed yesterday with the Police Commission against Patrolman G. A. Lind by G. Gould, the owner of a cigar store of 1842 Temple street, who asserts that on last Labor Day the policeman entered his store and struck him in the mouth. Later, Mr. Gould says, he was arrested by Lind on a charge of gambling with dice, was taken to the police station and there struck again by the officer. The commission will set a date for a hearing.

BUNT RUTH WILLIAMS.

Police officials yesterday began a search for Ruth Williams, 14 years of age, believed to be in this city. The hunt is made at the request of the Portland (Or.) police who wish to notify the girl that her father, John Williams, died in that city last Sunday.

BLOOD IN
MOOSE INQUIRY.

Mean Trouble,
Suspected Men.

That They Will
"Poke" on Others.

Any Action Expected
on Friday Morning.

The number of the number of blood being engendered between certain officials and employees in relation to the whiskey investigation is certain. It may go so far that the indicted men or their friends will retaliate by giving evidence before the jury implicating others.

State Prohibition Director Yallowley will not be here to direct the final stages of the inquiry. The matter will be handled by U. S. Atty. O'Connor and his first assistant, Gordon Lawson.

That there is a great deal of bad blood being engendered between certain officials and employees in relation to the whiskey investigation is certain. It may go so far that the indicted men or their friends will retaliate by giving evidence before the jury implicating others.

State Prohibition Director Yallowley will not be here to direct the final stages of the inquiry. The matter will be handled by U. S. Atty. O'Connor and his first assistant, Gordon Lawson.

COUNTY PLANS
PARK IN HILLS.

Stewart Valley Considered as
an Ideal Site.

Short Road Link Would Make
District Accessible.

Streams in Fine Forest May
be Backed Into Lake.

Stewart Valley, north of Upland, may become Los Angeles county's largest playground, if a tentative plan of the Board of Supervisors is brought to fulfillment.

Supervisors McClellan and Cogwell, County Forester Flintham and Road Commissioner Jones returned Sunday night from a trip to Wright's ranch and contiguous territory, making the sixty-three mile trip in three hours. The Supervisors say that the mountain roads to this point are of an easier grade than any of those to the better developed areas. Supervisors Dodge, Bean and Woodley also made the trip, two weeks ago, and are equally enthusiastic concerning the possibilities for a great county park site in this region.

The Supervisors made the Sunday journey to view a road project. A road from Palmdale to Big Rock Canyon, now built, is to be extended to Little Rock and on to the old Socialist mill-site. At the summit of the range in Stewart Valley there is a stretch of approximately four miles where a road might be built to join the Palmdale extension with the road that ascends from the San Bernardino side of the range. This would make a continuous road between San Bernardino and Palmdale over the mountains. It is this four-mile strip that the Supervisors are investigating.

The district was described by Supervisor Cogwell yesterday as the biggest and most beautiful forest of pines and fir in the county, with streams in all the canyons. The Wright ranch of 1100 acres and Big Pine ranch of 600 acres lie in this great forest. Lakes may be formed easily by damming the streams, the Supervisors say.

Supervisor Dodge said yesterday that it will be possible to secure a lease of the forest reserve acreage, and that ways might be found to acquire the Wright and Big Pine ranches. On the latter ranch logging is in progress, and century-old pines and fir are being cut. It is felt that some action should be taken to save this great forest.

ARMY PLANES BEING
SHOWN AT BULLOCK'S.

An official exhibit of the Army air service has been installed at Bullock's for the benefit of the public, and will be shown there daily for the next fortnight. On the roof garden at Bullock's is a French Spa, which was used during the war, and on the fifth floor are two great airplane motors—one of the Liberty type and the other a Le Rhone rotary engine. Aerial machine guns, aerial cameras and other equipment used by flyers in peace and in war are also being shown. Lieut. Pitts from March Field is in charge.

PEETE CASE
TRIAL DATE
IS DELAYED.

Woman Accused of Denton's
Murder Opposes Counsel's
Move; January Day Fixed.

Over the protest of Mrs. Louise L. Peete, her trial on the charge of the murder of Jacob C. Denton was yesterday continued by Judge Crall, upon the request of Deputy Defender Aggeler, until January 18, next.

Mr. Aggeler appeared in court yesterday with his client, and urged that a continuance be taken. He said Mrs. Peete opposed delay.

"The case is of such a nature," he said, "that we need more time to investigate and to prepare for trial. At this time we would not be justified, so far as the defendant is concerned, in going to trial. Any time after January 18 will be satisfactory."

Dep. Dist. Atty. McCartney stated that while the District Attorney was prepared to go to trial on the date set, in justice to the defendant he would not oppose a continuance.

McCartney said January 18 was satisfactory to the prosecution, so the court fixed that date for the trial.

The county will not be a heavy loser financially in the trial of Mrs. Peete, according to Public Defender Wood. It was stated that no such sum as \$5000 would be expended in preparation of the trial, as predicted, but every effort will be taken to safeguard the defendant's interests.

Umbrella Tears
Stranger's Face
as Man Skids

Joseph Howell, 56 years of age, a carpenter of 844 Francisco street, was painfully injured yesterday as the result of a peculiar wet weather accident. He was treated at the Receiving Hospital for a long laceration on the right cheek.

Howell says an unidentified pedestrian carrying an open umbrella skidded on the wet pavement at 8th and Figueroa streets and fell down. Howell, who was walking just behind, was jolted by the face of the umbrella which flew from its owner's hands when he fell.

EASY TO REMOVE CORNS
Take Them Off by Painting With
Cactus Corn Compound

No person need suffer from corns and callouses. Painting them with Cactus Corn Compound stops the pain almost immediately and causes them to dry up and fall off in a short time. A small bottle of the compound, costing only a few cents, is sufficient to remove dozens of corns. You can remove corns this way in the privacy of your own home, as Cactus is merely painted on the corn. Quit cutting corns—that's dangerous. Kill them with Cactus Corn Compound. Your druggist has it and will refund your money if it disappoints you.—(Advertisement.)

the Story of
Young's

Number Six of a Series

Young's Milk-fed Poultry is Famous

YOUNG'S Poultry has brought new fame to Biddy and her chicks. Aristocrats of the poultry kingdom are scientifically reared on a diet of milk and other carefully selected foods, in order that they may take their proper place on California's best dinner tables and sustain Young's reputation for Quality Goods.

A former Government poultry expert supervises the diet of Young's milk-fed chickens. As a result of their careful feeding, the meat of these chickens is more delicate than that of fowl raised on ordinary foods. The milk-fed chicken has a finer texture, whiter meat and a more delicious flavor.

All the deliciousness of flavor is retained by bringing Young's poultry into our markets the same day as dressed. The utmost care and cleanliness mark each step in our preparation of the poultry for your table. Each fowl you buy here comes to you with the same Young guarantee of Quality that goes with everything we sell.

Squabs, fancy capons and, occasionally, pheasant, are among the delicacies found at Young's Poultry Departments. For special holiday delights, there are Imperial Valley turkeys, ducks, and geese. And by the way, better order your Thanksgiving turkey now!

Hale's
Trimmed Hats

\$5

These are the most sensational millinery values you have seen this season. You'll wonder how it is possible to have hats for \$5.00. It is a sale that no woman in want of a new hat should miss, no matter what price she had expected to pay.

It is customary when announcing these sales to advertise the comparative prices—but here is a sale where the comparative prices are so high that we hesitate to mention them.

These styles are all new, fresh from the maker's hands—some of them shown now for the first time.

(Hale's—Second Floor)

Do Not Decline In Price

The investor in our Guaranteed First Mortgage Certificates does not worry over the fear that his investment will decline in price.

They represent the pledge of carefully chosen first mortgages on income producing land, which are the most stable of all securities.

These Certificates are fundamentally sound in every particular. And furthermore they have behind them the guaranty of the largest and strongest company of its kind west of New York city with resources of more than \$15,000,000.

Guaranteed, First Mortgage Certificates can be purchased in convenient amounts from \$100 to \$200,000.

Ignorance is a Poor Excuse

—for failure in investments.

There was a time when the professional investor was the only man who could judge of the values of securities offered the public.

Today we are gathering information from well known experts for the guidance of investors who have not the time for personal investigation.

This information applies to the substantial investments in oil, and is published currently in our Weekly Resume.

SECOND WIFE IS SUED FOR FIRST.

Attendance on Dead Woman
is Charged to Live One.

Court Decides Spouse No. 2 is
Not Responsible.

Curious Story of Physician's
Account Told to Judge.

A story of a doctor's bill and two wives in which it was held that the second wife is not responsible for a medical bill contracted for the first, was told in Judge Shambaugh's court yesterday, when a writ of review was asked for in the suit of A. C. Lambert against William M. Costin and Anna Doe Costin.

It appeared that Mr. Costin contracted with a physician to treat his first wife. The bill was sent in and paid, and suit was brought against the physician to recover the amount. Meanwhile, the first wife died and Mr. Costin remarried.

Mr. Costin and his second wife defended when the case came to trial and Justice Shambaugh gave judgment against them in favor of the physician.

After Mrs. Costin, the second, moved to set the default aside and the court learned at that time that a writ issued as defendant was the first one and that she was dead.

Mrs. Costin No. 2 asked to have her name inserted in the complaint as defendant.

The motion came before Judge Shambaugh on a writ of review, and he granted it.

Justice Shambaugh said that the second wife had a right to defend the action, if she desired.

INSPECTOR RETURNS.
Detective Inspector Webster, who has been in New York on a special duty since last July, returned to Los Angeles yesterday and resumed his duties at the Federal Building.

TRAFFIC CASES PILING HIGHER.

Hundred Fifty-eight Arrests
by County Squad in Week;
Fine Totals Increasing.

The report of Capt. Cannon of the county motorcycle squad, filed yesterday with the Board of Supervisors for the week ended the 11th inst., shows that 158 arrests were made for violations of the motor vehicle law and \$965 was collected in fines.

A statement compiled by Chairman Dodge of the Board of Supervisors shows that, through the efforts of the county motorcycle squad during ten months of this year, 1,817 cases were filed and fines collected amounted to \$27,587.

For ten months of 1919 the record was 2,241 cases filed and \$20,816.30 in fines collected.

WILLS HOLD BY TRIAL.

Case Mrs. Albert Lane's Son's Death
Will's Validity Held.

When Mrs. Albert Lane was called as a witness to testify in behalf of her husband, who is on trial for the asserted theft of twelve strands of hair, valued at \$100, Mrs. Lane was unable to testify for several hours, because a 2-year-old child in her arms refused to stop crying.

"Take him on the stand with you," suggested the court.

Mrs. Lane did, but the child only increased.

"Take him out," said the court, and the child's cries could be heard from another room for some time.

Lane, a mother, is accused of stealing the hair from the dress of a neighbor, U. I. Tugareal, and selling it to another neighbor.

The case will be concluded today.

OCULISTS Prescriptions

Leading oculists prefer their prescriptions filled by Marshutz, knowing of the accurate and painstaking methods employed in our shop.

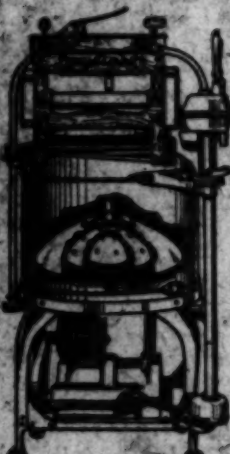

Bring your prescription to us, and be assured of perfect work. Your oculist will approve.

Having been in contact for thirty-three years with the many oculists in Los Angeles we are able to recommend the leading and best specialists to those inquiring.

of the

DAYLIGHT ELECTRIC WASHING MACHINE

—last week?

If so you don't need to be informed that the "Daylight" made hundreds of new friends during the time it was formerly "at home" to the public here.

This is a VACUUM machine. It neither tumbles nor twists the clothes. The powerful vacuum cone simply DRAWS the dirt out and, at the same time forces the air through. This means that your clothes are aerated—air-washed, sweet, clean and perfectly sanitary.

Feel free to come in at any time and see this splendid machine. You will not be urged to buy.

Cable Messages from
Department Because
of Prolonged Dispute.

to-Germany Cable is
announced by Company's
"Better Facilities."

WASHINGTON, Nov. 16.—
made in New York today by
Carlton, president of the
Union Telegraph Company,
the State Department had acted
in dealing with bills for
the company's facilities.

Carlton's statement was the
first made by either party. It
announced the refusal of his com-
pany to handle any but prepaid
cable messages.

Carlton said that the State Department
had "arbitrarily" decided what it
would and when it shall pay for
the company's facilities.

He said, at the department,
"I was told, in November, that
the department was applying to all
cable companies, but it is understood
that the department is not
enforced only against the
department. Officials of that
department refused to grant the
company to land a cable at Miami.

OFFICIALS CONFER.
Secretary Davis and the as-
sistant secretary of the department conferred
and are understood to have
agreed upon a plan to which
the department might have re-
sponded to the company.

Every day back to
the department, the Western
Union company has been
paying to the department
for all cable messages. Of-
ficials today that payment
was withheld because the
department was withholding the
rebate of 50 per cent on
messages transmitted from
the department.

According to the State
Department, the Western Union
company has the right of the gov-
ernment to a rebate, but has
refused to grant it voluntarily.

The department desires to have
all rebates paid as a prin-
ciple governing all future business.

CARLTON SPEAKS.
WASHINGTON, Nov. 16.—Newcomb
Carlton, president of the Western
Union Telegraph Company, today in-
formed the State Department that
the company's refusal to
pay for the payment of cable mes-
sages was a long standing and
which requires that the department
pay the tolls on cable mes-
sages of the arbitrary pol-
icy of the department in
refusing to pay the company's bills.

He said that the business fairness
of the department and it is not the
department's intention that the State
Department shall arbitrarily decide
to mail pay and when it shall
be the use of the company's

According to the State
Department, the Western Union
company has the right of the gov-
ernment to a rebate, but has
refused to grant it voluntarily.
